This Weekend:

*Stay home and maintain social distance (6' min)*

Some reports I've read say that in some situations 6' is too little and it should be more like 24', which would explain why the disease is still spreading in spite of compliance with CDC guidelines. And now the official word is that we should all be wearing some kind of face mask. I'm seeing more people wearing them, and those who don't annoy me:)

Do not wash your food with soap, detergent or especially bleach!

-----!

Where I went the past week:

*I found a good article on Deutsche Welt on non-vaccine drugs for Covid 19:*

<https://www.dw.com/en/could-an-existing-drug-help-against-the-new-coronavirus/a-53078043>

*Don't try experimenting on yourself!*

*For the time being, masks, gloves, and hand sanitizer (or soap and water) are your main lines of defense behind social distancing-which means more than 6'.*

*Good luck and stay safe.*
