The California Aiseki Kai presents its 33rd annual show featuring outstanding examples of suiseki and other viewing stones.

Practiced in Asia for centuries and gaining popularity around the world, the art of viewing stones invites contemplation of the subtle, often fanciful forms that have been shaped by nature, the elements, and time.

The show is open 10 a.m.–5 p.m., Dec. 26 through 30, in the Ahmanson Classroom in the Brody Botanical Center. Free with general admission to the Huntington.
